DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jao-Ching Lin on 10/20/2006.

The application has been amended as follows:

In claim 8, line 26, after the word duration, delete “,” and add --and--.

In claim 15, line 14, after the word duration, delete “,” and add --and--.

Allowable Subject Matter

2. Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 1-20 are allowable since certain key features of the claimed invention are not taught or fairly suggested by the prior art. In claims 1, 8 and 15, “the sum of time duration of the first appearance and time span between and end of the first appearance time duration and a start of the second appearance being smaller than a first reference time”. The prior art of record however singularly or in combination fails to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
